THE FRANKELITE COMPANY
CLEVELAND, OHIO

Modern LIGHTING EQUIPMENT

by FRANKELITE

A presentation of a thoroughly complete line of lighting fixtures, both permanent and supplementary, for every conceivable residential and commercial lighting need, expertly developed over a period of twenty-nine years of experience in the manufacture of such equipment.

Factory facilities organized to serve the trade to the best possible advantage include: Over seventy-five thousand square feet of floor space; the most advanced methods of manufacture; large scale production possible through nationwide distribution; newly enlarged Designing and Development Department manned by a skilled and well qualified personnel; the latest advancements in design, engineering and finishing of fixtures and accessories.

All of these advantages, together with an inherent desire to serve you better, make it possible for Frankelite to offer you a high grade line at the lowest possible price per item—a quality line you will find it very easy and highly profitable to handle.

PRINTED IN U. S. A.

HURON

THE HURON SERIES: A modern adaptation of the old Colonial, expressing stately dignity in the simplicity of its design and richness of finish. Soft ivory colored translucent reflectors spare sensitive eyes the glare of the lamps, while directing light ceiling-ward to bathe the room in warm glowing illumination. These fixtures will accent beautifully, the richly furnished interiors surrounding them.

GLENDALE

THE GLENDALE SERIES: Glass shaded fixtures, modern in character and scientific in design. The new Ivoglo glass shades give the much desired "Better Light for Better Sight," soft and pleasing to the eyes. The harmony between the glass and the ivory finish of the fixture is accentuated by the rich gold high-lighted details. These fixtures may well command the center of attention of any interior decorative scheme.

BEDFORD

THE BEDFORD SERIES: From top to bottom this graceful, ornate design expresses a flare for living in tune with the times. The main supporting casting is attractively ornamented by its accompanying columnar style casing, and topped off with inverted bowler style translucent reflectors, flared at the top to permit greater light spread. Truly modern in design, this fixture retains enough of the classic influence to fit well amidst any type of furnishings placed below it.

MAYFAIR

No. 601
Code: Daily

Finishes: Pewter and Gold or Bronze with Gold Trim. (Be sure to specify Finish wanted.)

Shade: Parchette with Gold Braid Decoration.

Packing: Packed in individual carton.

Diagram Showing Important Features of the "Dinalite"

(A) Glass diffuser of approved type designed to conform with Better-Light principles, giving glareless, shadowless light.

(B) The new three-way two filament bulb, 100/200/300 watts at turn of switch.

(C) White inner lining of shade reflects light giving proper distribution.

(D) Beautiful and decorative shade lends charm and character to the room.

(E) New three-way Mogul socket receiving lamp (B).

(F) Fixture supported by attractive and well-styled pendant.

(G) Three-way switch conveniently located. 100/200/300 watts at turn of switch.

No. 600
Code: Daft

Finish: Pewter and Gold or Bronze with Gold Trim. (Be sure to specify Finish wanted).

Shade: Silk in Ivory or Gold Color, White Parchment lined.

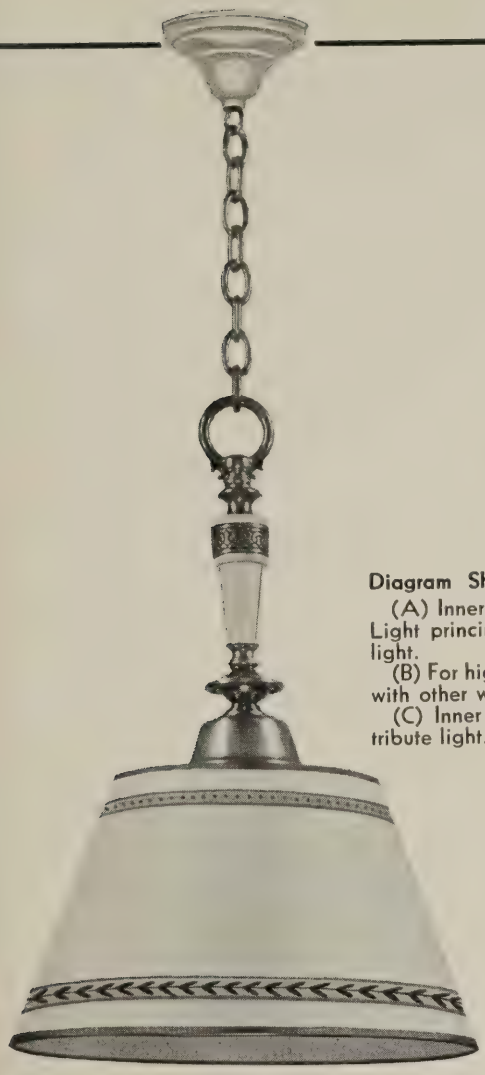
Packing: Packed in individual cartons.

Three-way switch conveniently located. 100/200/300 watts at the turn of the switch.

DINALITES

A Sight Saving Light embodying the latest features known to illuminating engineering, and is beautifully styled.

By a mere turn of the switch you can obtain an intensity of 100-200-300 watts. The 100-watt intensity gives a very satisfactory and pleasing light for ordinary use. The 200-watt intensity is very effective for dinner parties or gatherings where a more brilliant lighting is desirable. The 300-watt intensity adds great cheer to the room and a delightful appearance to the holiday table setting; in addition, it is most efficient for close work or study.



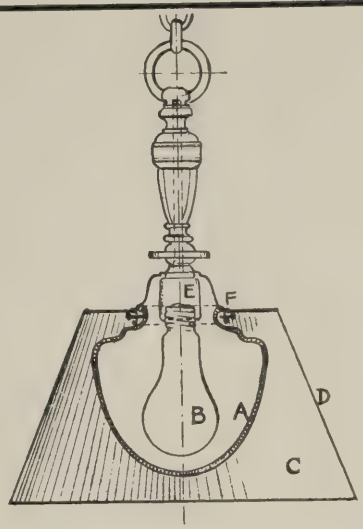


Diagram Showing Construction of the "Dinetalite" No. 610

(A) Inner glass diffuser, shape designed to conform with Better Light principles, enclosing bulb (B), giving glareless, shadowless light.

(B) For highest efficiency use 150-watt bulb. May also be used with other wattages, if desired.

(C) Inner lining specially treated to properly reflect and distribute light.

(D) Outer shade of Parchette in neat, attractive design, lending charm to the room.

(E) Porcelain socket, medium base.

(F) Screws on fitter holds glass diffuser (A) in proper position and supports outer shade (D).

(G) Pendant support of attractive and charming design.

Note: The above applies to No. 610 only.

The Dinetalite—No. 610—Code: "Dais."

Finishes: New Ivory with Gold Trim.
Shade: Parchette neatly decorated.
Length: 42 inches overall.
Diameter of Shade: 14 inches.
Standard Package: 3.
Wired.

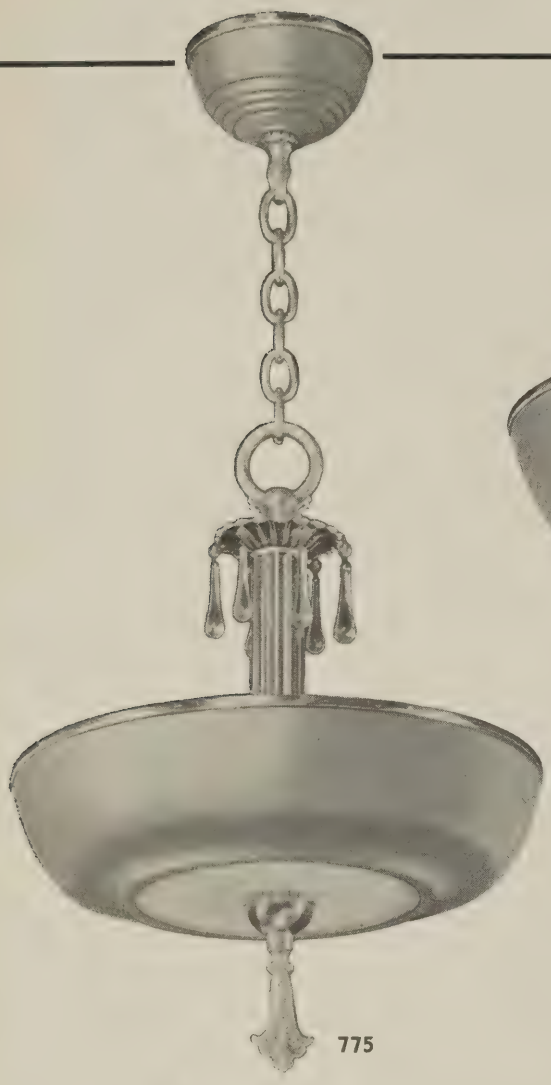
No. 2247 — Semi-Indirect — Code: "Ghost"

Finish: Plated Bronze and Rich Gold or New Ivory and Gold. (Be sure to specify finish when ordering.)
Bowl: Molded Translucent
Length: 36 inches overall.
Diameter: 16 inches.
Wired: 3 Lights.
Standard Package: 3.

Especially created for Dining Rooms, Dinettes, Libraries, Nurseries, Bedrooms and Halls.

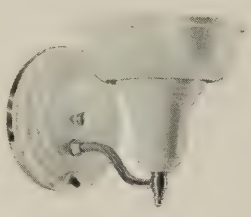
The Dinetalite No. 610 is designed as a Better Light unit, having most of the features of the Dinalite, except is operated from a wall switch. It is compact, beautifully styled and gives maximum eye comfort at minimum cost.

No. 2247, a variation of "Better Light" styling, has a beautiful molded, Pastelite Translucent Semi-Indirect Bowl. The high gloss of this bowl enabling maximum efficiency.



775

777



771

773 (as shown)
772 (Semi-Ceiling)

THE MELBOURNE SERIES: With the light source concealed, the bowl reflector is scientifically shaped to throw an abundance of light upward, which is then reflected from the ceiling, bathing the entire room in a soft, glowing restful illumination. Glass bottoms in two numbers (775 and 777) provide semi-indirect light which adds brightness. Some light escapement through the bottom louvre in Nos. 773 and 772 effects a pleasant airiness. Clear crystal pendants add to the rich brilliance of these fixtures.

Catalog Number	Style	Spread Inches	Length Inches	Extension Inches	Standard Package	Code
771	1 Light Wall Bracket, 25 to 75 watts	6	8	7	4	Accept
772	3 Light Semi-Ceiling, 25 to 75 watts ea.	14	15		3	Access

COMMERCIAL FIXTURES

A group of Commercial fixtures unsurpassed in style and quality, and at extremely low prices. Two gracefully shaped louvres form the construction and produce indirect light in keeping with illuminating engineering ideas. The bottom louvre reflects light upward on bottom of upper louvre giving an attractive and pleasing effect when lighted. The lower louvre is so designed to permit easy access for cleaning and lamp replacement.

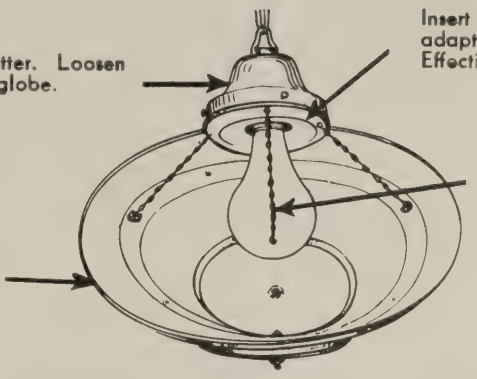
FINISH: Mat Aluminum. High Lighted Rims, Star decorations in gold.
All fixtures wired, and individually packed.

Hanger in place with 6" fitter. Loosen screws, remove old glass globe.

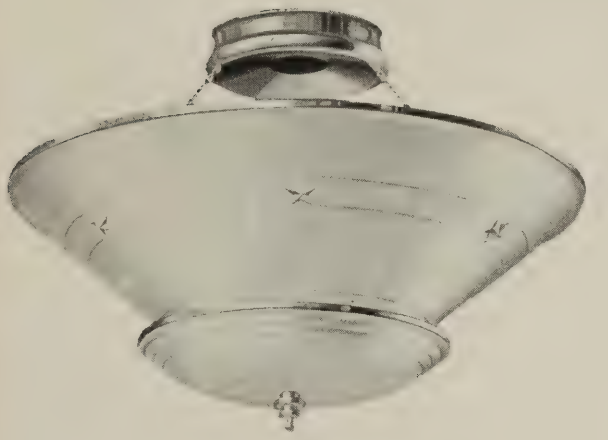
Insert the Frankelite "MODERNIZER" adapter, and tighten screws. Simple, Effective, Economical.



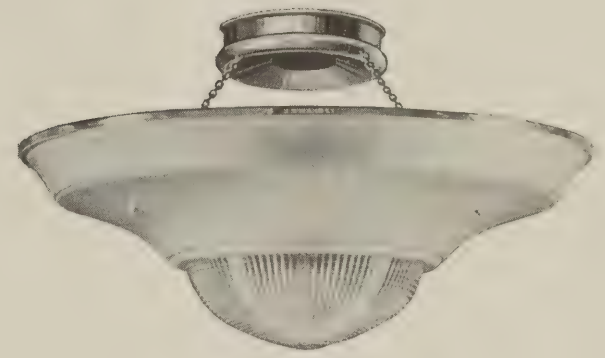
Chain hanger may be instantly adjusted to focus light source. Relamping and cleaning with greatest ease. Just loosen one chain; not necessary to remove fixture.

Latest type of Semi-Indirect lighting fixture gives Even, Glareless, Shadowless Illumination. Beauty and Simplicity.

TRANSFORM YOUR OLD, INEFFICIENT LIGHTING SYSTEM, AT SMALL COST, INTO MODERN, EFFICIENT LIGHTING AND BEAUTY



930



950

MODERNIZERS

MODERNIZER No. 930:

Code: Daisy
Diameter: 19" widest part
Height: 12" overall (modernizer)
Finish: Mat Aluminum high-lighted.
Standard Package: 3

MODERNIZER No. 950:

Code: Despot
Diameter: 18" widest part
Height: 15" overall (modernizer)
Finish: Mat Aluminum high-lighted rims, with Prismatic Glass Bottom, same as on Fixture No. 5200 (on Page 39)
Standard Package: 3

The "Modernizer" is the only means of correcting old, out of style equipment, without rewiring and installing complete new fixtures.

These facts merit your careful consideration:

1. No rewiring, no alterations, no muss necessary to make change.
2. High efficiency of output.
3. Glareless, shadowless light for "Better Sight."
4. Light source easily focused to obtain highest efficiency and even illumination.
5. Easy accessibility for cleaning and replacing lamp.
6. Refined beauty, modern design.
7. Beautifully finished in Satin Aluminum.
8. The maximum of light and beauty at minimum cost.

Simply and quickly you can attach a Modernizer to your present Hanger and your modern lighting problem is solved at low cost.

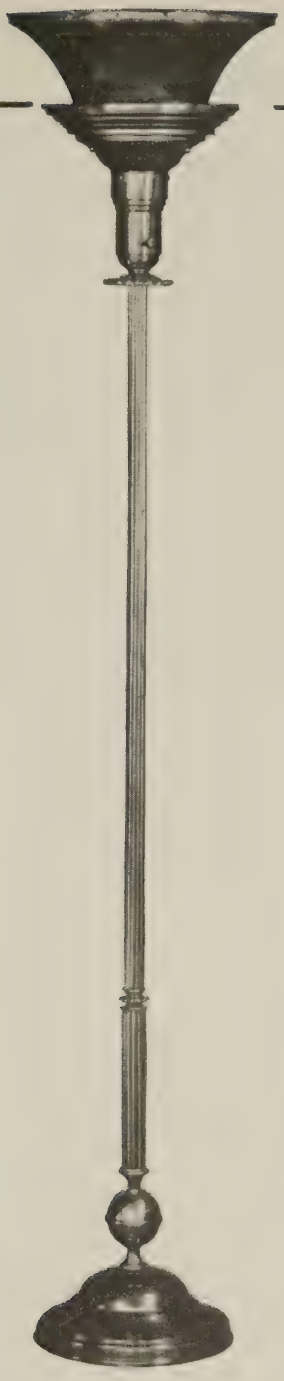
HANGERS AND HOLDERS ARE IMPORTANT IN TODAY'S LIGHTING



OFFICE LAMP

by

"FRANKELITE"

These Office Lamps offer an opportunity to transform old, inefficient lighting systems into modern, highly efficient schemes at the least possible cost, while adding decorative beauty at the same time. These lamps are designed for private offices and show rooms, or other places where the old drop type glass bowl illumination with its characteristic glare is very unsatisfactory. These lamps offer the great advantages of modern, scientific, indirect light, at little cost, without the inconvenience of rewiring.

No. 4149—Conventional design; Statuary Bronze finish; Height, 63"; Reflector dia., 13"; Individually packed; Code, "Official."

No. 4179—Dignified modern design; Bronze and Gold finish; Height, 63"; Reflector dia., 13"; Individually packed; Code, "Offer."

Three intensities of light with one bulb and one switch, using two-filament Mazda lamp: 150/200/350 type PS-35, or 200/300/500 type PS-40 Mazda.

Lamps wired, including cord and plug.

• • • GENERAL INFORMATION AND INSTRUCTIONS

That we may be in a position to attend to your requirements promptly and according to your wishes, always observe and comply with the following instructions when ordering—

SPECIFY—Quantity, Catalogue Number, Finish and other important detail. Fixtures are shipped wired unless otherwise specified.

FINISHES

Fixtures are carried in stock only in such finishes as designated and cannot be made differently.

SPECIALS

Designs as shown cannot be changed without increased manufacturing costs, delays in deliveries and other various reasons. We request that sales be made according to the specifications and designs as well as finishes, of all numbers represented in this catalogue.

SHIPMENTS AND CLAIMS

Where routing is not furnished, we use our best discretion. As we employ experienced packers and exercise reasonable care, we cannot be held responsible for breakage in shipments delivered to the Carrier in good order. Our responsibility ends when we obtain the Carrier's receipt.

Damage in transit should be adjusted between the customer and the transportation company. We are always willing to give the customer all possible assistance in filing a claim, but we cannot —in any instance—assume the loss ourselves.

SHORTAGES

All orders are checked and carefully rechecked to avoid errors. Packing slips are included with each shipment and claims must be made promptly.

RETURN MERCHANDISE

Do not return any merchandise for credit without first obtaining our permission and shipping instructions.

TERMS

To parties of approved credit—NET 30 Days, 2% Cash Discount if paid within 10 days from date of invoice.

We solicit new accounts on a credit basis. To facilitate prompt shipments on initial orders, please furnish us with credit references and other information pertaining to credit character.

Prices subject to change without notice.

C. O. D.

C. O. D. Shipments will be made on receipt of a substantial deposit to cover transportation charges—plus an equivalent amount.
